Prof. Wong George

Dear members and associate members,

World Federation of Interventional and Therapeutic Neuroradiology (WFITN) will organize a course in functional neurovascular anatomy in Hong Kong. The unprecedented event will take place on 6-9th October 2019 in Science Park. Details of the course can be find thro this link: <https://www.wfitn.org/events/course-functional-neurovascular-anatomy-2019-2019>

Aiming at promulgating medical education, HKSITN council had decided to offer sponsorship to the course to members and associate members of the society. The sponsorship will cover the registration fee. Priority will be given to members in training. Reimbursement to successful applicants will be made upon completion of the course. Provision of proof of attendance is necessary.

Applicants must register for the course first. Please jot a mail to info@hksitn.org.hk and include the following details: Name; Title/Position; Hospital you are working in; Specialty; contact email; contact phone number; HKSITN membership status. Please attached a copy of proof of course registration.

Deadline of the application is 28th August 2019. The council of HKSITN reserves all the right to make the final selection of the applicants. Successful applicants will be informed via email by the end of September 2019. Upon completion of the course, successful applicants can email their e-copy of proof of attendance to info@hksitn.org.hk .

Dr. Lee Raymand
Hon Secretary HKSITN
